UPDATED Drone Legal Update Training

The Illinois Legislature passed, and the Governor has signed the “Drones as First Responders” Act. This new legislation went into effect immediately, and now allows law enforcement to use drones as a tool to help protect crowds attending parades and other events. There are certain restrictions and policy requirements with the new law, and law enforcement personnel should familiarize themselves with the rules prior to deployment.

The College of DuPage - Homeland Security Training Institute (COD-HSTI) is happy to partner with the Illinois Association of Chiefs of Police to provide this important training for FREE prior to the busy weekend of July 4th Independence Day celebrations.

Who: Police Chiefs, Command Staff, Supervisors and/or Law Enforcement Drone Operators. Limit of two (2) people from each agency. Restricted to Law Enforcement only, be prepared to show credentials at the door. No advanced registration necessary.

What: 3-hour training class on the new Illinois “Drones as First Responders” Act. Including a legal update, policy implications, training issues, restrictions, and reporting requirements. There will be a Q & A session and Discussion Panel as part of the training.

When: ***Thursday, June 29th from 9:00am until Noon***

Where: Robert J. Miller Homeland Education Center, Room HEC 1022 (1st floor “Mock-Courtroom” Auditorium of the Suburban Law Enforcement Academy) on the COD main campus in Glen Ellyn, S/W corner of Fawell Blvd. & Lambert Road. Parking is available immediately West of the academy.

The Discussion Panel Includes the following Illinois Law Enforcement Drone experts:

Chief Marc Maton – Lemont Police Department
Lieutenant Matt Udelhoven – Elgin Police Department
Lieutenant Andy Wolcott – Aurora Police Department
