## **ILACP supports Amendment denying guns to terrorists:**

The ILACP joins the International Association of Chiefs of Police (IACP) in support of Senator Feinstein's amendment which would give the attorney general the authority to block the sale of firearms to known or suspected terrorists, if the attorney general has a reasonable belief that the weapons would be used in connection with terrorism.

This measure is common sense and would not allow individuals on the terrorist watch list to purchase firearms and potentially kill innocent people. ILACP President Chief Steve Casstevens states, "We praise Senator Feinstein for moving this amendment forward and are proud to mirror the support of the International Association of Chiefs of Police."
